Press Release:

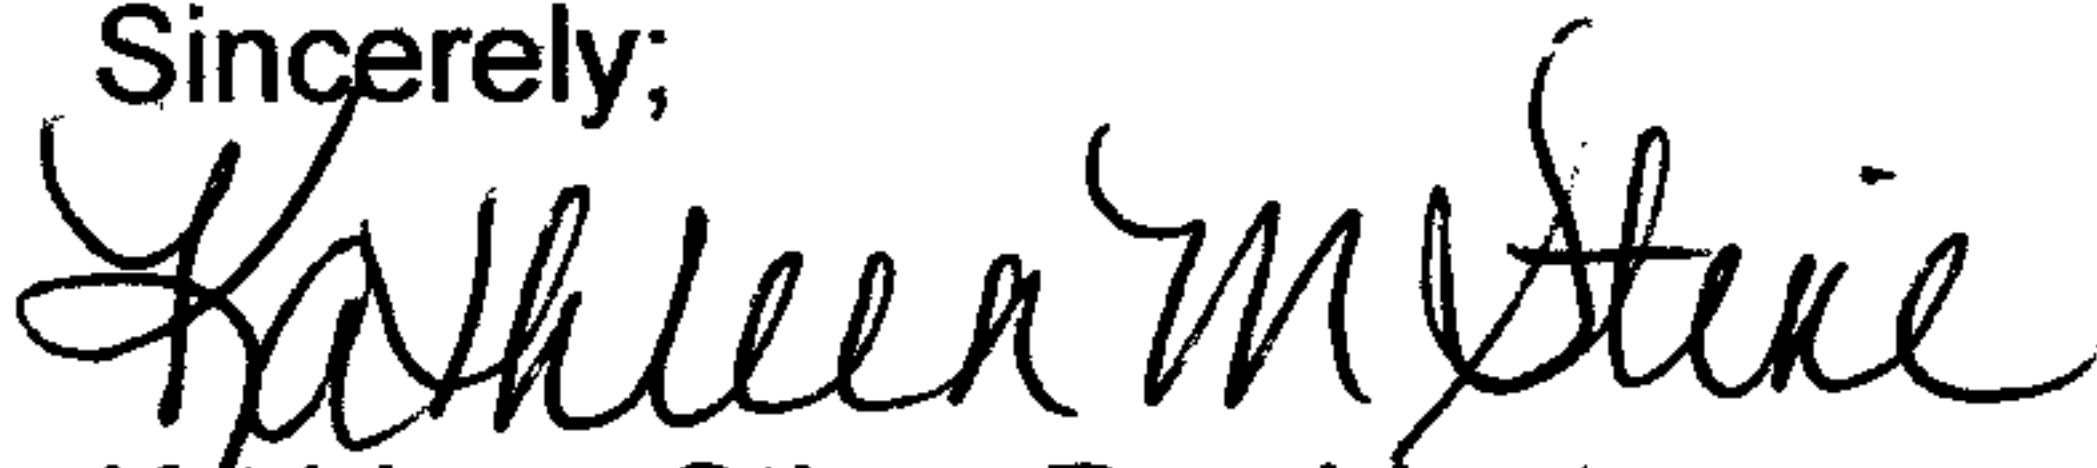

Fire Department Awarded Grant:

The Plunketts Creek Township Foundation Fund at the First Community Foundation Partnership of Pennsylvania recently presented Plunketts Creek Township Fire Department with a grant totaling \$2,500.00 towards the cost of upgraded equipment, which will provide a larger capacity fire suppression pump system. This larger system will improve our equipment capacity necessary for responding to calls in our remote rural areas.

The grant will be applied to the cost of the Fast Attack Skid Fire Suppression system. We continue to provide our services to our rural community during these difficult times. We appreciate the support the fire department has received from the FCFP and PCTF and our previous history with the foundation.

The Foundation works to improve the quality of life in north central Pennsylvania through community leadership, the promotion of philanthropy, the strengthening of nonprofit impact and the perpetual stewardship of charitable assets. FCFP strives to create powerful communities through passionate giving. For more information visit www.FCFPartnership.org

Sincerely;

Kathleen Stine, President
